

Mathematicians meet economists and conversely

Organisers: Italo Capuzzo Dolcetta, Debora Di Gioacchino, Thierry Paul

27–29 novembre 2024

Sala delle Lauree, Facoltà di Economia Università Sapienza Roma

Games, voting, networks, and numerous other topics have been explored by both mathematicians and economists, each employing their own language, methodologies, and theoretical frameworks. The purpose of this workshop is to bring them together to foster interdisciplinary dialogue and mutual enrichment.

Speakers:

Giuseppe Attanasi (Sapienza)

Fabio Camilli (Sapienza)

Eloisa Campioni (Tor Vergata, Rome)

Michela Chessa (LMI Université Côte d'Azur)

Giovanni Di Bartolomeo (Sapienza)

Habiba Djebbari (Aix-Marseille)

Fausto Gozzi (Luiss)

Luca Panaccione (Sapienza)

Valerio Leone Sciabolazza (Sapienza)

Fabio Spizzichino (Sapienza)

Xavier Venel (Luiss)
